Circular No. MD-47(A)/2018/3309 dated 09.02.2018, issued earlier towards discontinuing the practice of claiming re-imburement for medical treatment taken in private hospitals on medical emergency grounds has been reviewed.

Henceforth, relaxation will be given to patients with emergency life threatening conditions like cardiac attack, cerebrovascular, accident, etc. wherein reimbursements will be considered based on individual circumstances. It is advisable to keep the CMO informed during the course of admission.

It is once again reiterated that, in all other cases patients should as far as possible take treatment from MPT Hospital or other government hospitals or empanelled hospitals of MPT.

This is issued with approval of Competent Authority.
